Biography – Sally Bowen

Sally has attended 14 RAPID conferences and has enjoyed each and every one of them (that she can remember). She is married with two beautiful girls and has worked with Duke Energy for 34 years. Both are in college and Sally's oldest daughter has been accepted into grad school at Central Florida for two years. Maybe Sally will have to work another 34 years to pay off their education. But one day Sally is hoping they can take care of her when she needs them, with Sally family always comes first. Sally is known for “Never Meeting a Stranger, and will try almost anything!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!”. Very multi tasked people and tries to help everyone as quick as she can.

Biography – Bobby Harper

Bobby has worked for Frham Safety for the last 28 years. He worked as the inside sales manager for the South Carolina office for ten years before he started doing outside sales. Bobby has been the sales and marketing manager for the last 17 years. He has enjoyed working with all the customers throughout the years. Some of his customers are Duke Energy, Progress Energy, Entergy Northeast, First Energy Corp, and Detroit Edison. He is the father of three handsome sons and lives in York, South Carolina.

Abstract

This presentation is about Vendor Managed Inventory on site and off site at Duke Energy. It will cover how Duke utilizes and benefits from this process.
