

Afternoon Lunch Cruise

Sponsored by ATC Nuclear

Enjoy an afternoon cruise aboard the Calypso Queen. The captain will narrate on points of interest and the history of the area. Visit the top opened aired decks and watch for dolphins which are commonly seen in this area. The entire 2nd level deck is reserved for us. Lunch will be served shortly after departure—2nd level deck.

We will meet in the main lobby of the Sheraton at 12:30pm. The Trolley will pick up at 12:45pm. Depending on the number of attendees, the Trolley may make two trips (the dock is only 10 minutes away). Boat departs at 1:30pm. The 2nd level deck is enclosed and air conditioned. You may visit any of the decks for sightseeing.
