

“Software Commercial Grade Dedication”

ANDY NACK

Qualification Engineer

Phone:

anack@argoturbo.com

Biography

Andy has been a Qualification Engineer at ATC Nuclear in Oak Ridge, TN since November of 2008. He develops 3rd party dedication and qualification test plans on a daily basis and serves as the role of technical specialist on commercial grade surveys and source surveillances. Andy specializes in the dedication and qualification of digital instrumentation and control (I&C) devices. Before ATC Nuclear, he was an I&C Design Engineer at BWXT Y12 National Security Complex. He graduated from University of Missouri with a BS in Electrical Engineering and is licensed as a Professional Engineer in the state of TN.

Abstract

Discussion about the recent new requirements and expectations out of ASME NQA-1a-2009. Direction relative to where the NRC and NUPIC will be headed during inspections and audits. Brief discussion on Cyber security.
